Aim & Scope:
The main aim of the Research Journal of Mathematics and Statistics (RJMS) is to publish refereed, well-written original research articles and studies that describe the latest research and developments in the area of mathematics and statistics. RJMS covers a wide range of applied and theoretical subjects including:

- Pure and Applied Mathematics
- Mathematical Physics
- Theoretical Mechanics
- Probability and Mathematical Statistics
- Theoretical Biology
- Mathematical Programming (optimization)
- Operations Research
- Applied Statistics
- Reliability and Quality Control and Stochastic Systems
- Management Information Systems
- Production and Operations Management
- Mathematical Finance
- Mathematical Economics
- Numerical Analysis
- Signal Processing and Data Analysis
- Varies Applications of Mathematical Methods
- Systems Engineering
- Educational and Professional Issues
